

UCORE Course Renewal Schedule

Spring 2023 - Spring 2024

This schedule is organized alphabetically by parent course prefix and color-coded by renewal semester. Scroll through or control+F to find your unit's courses and the semester in which to submit for renewal. Renewals are expected by December 1 and April 1 respectively. Within prefixes, courses are listed in the order in which they come up for renewal, **not numerically**. Double check other prefixes for any cross-listed courses and communicate with cross-listed units so a course does not miss the deadline.

Revisions to this schedule reflect the following:

1. Courses already received (and therefore pending review), renewed (review completed), or dropped have been removed from the schedule.
2. Courses that missed earlier deadlines have been incorporated into this revised schedule.
3. Additional revisions made forthwith on a case-by-case basis in consult with units.
